Softcity Group are excellent in products design and software development. We have collaborated with them on a few projects and I must emphasize that they are a team of quality and dedicated professionals.

Mr Temitope Oyeleye

CEO, TBO Consulting Group

I've known Stephen A Oniya, the CEO of Softcity Group since mid 2019 when Softcity developed a regular website for an NGO am associated with. Stephen and his team were quite creative in their design and professional in product support.

They're currently handling another technology project for us where they've exhibited high creativity and innovation in the project design. Softcity is also supportive and concessionary in pricing to startups.

I see a bright future for Softcity if they continue on the part of innovation and professionalism.

In my capacity as Director of Laser Tag Nigeria, I would highly recommend Softcity Group for an amazing work they are doing. They have brought our company profile up via the amazing website lasertagnigeria.com and we hope for more enhancements in the future. We are also looking forward to launch a video game sometime in the future with Softcity playing a vital part in that project. Kudos once again and keep up the good work.
